.....*Dedication* .....

We, the Class of 1950, dedicate our yearbook, the second in the school's history, to the Faculty of Oakland High School. We take the privilege of expressing in this dedication the thanks of past students and those of the future to the men and women who are giving their time and efforts for the good of the pupils who pass through the portals of Oakland High School. For their kindness and understanding, yes, even for the lessons they teach and the discipline they impose - inadequate as our words may be - we offer our gratitude. May our future lives show increasing appreciation for their guidance.

"Billsy" as he is affectionately known, is the writer of our class. In '46-'47 he won, not only the local, but also the district prize of $15.00 in the state wide Fire Prevention essay contest. He is one of Oakland High's most reliable students. His hobbies are model railroads and airplanes. He was chosen our American Legion representative at camp in '49. He's one of our local paper boys and his customers say he is the most faithful and efficient they've ever had. He's quiet but fun loving and we all like him.

Good luck, "Billsy".

CAROL BIRDSALL

Math. Club President '48-'49
Music Club President '47-'48
F. H. A. Vice-President '49-'50

Carol, a member of our class since sixth grade, is the songstress of our school. She has a lovely voice and is most gracious and co-operative when we need material for programs. Ruthie Norton and she are constant companions; they are the class "gigglers" and members of "Secret 8" She's popular with both sexes and we wish her continued popularity and success when she becomes a secretary.

STANLEY DAVIDSON

Hi-Y Treasurer '49-'50
Music Club
Math. Club President '49-'50

"Red" has been with us since we started in school. His hobby is banging on his drum set to keep in practice for the American Legion Drum Corps. He is a good sport and can be depended upon to do his best, even if we've never found out why he has hiccups every Monday. His greatest interest is girls, especially those who live on Church Hill. He is our "class blusher". He plans on joining the air force. We wish him the best of luck and success in his future.

FLOYD FISK

"Fudgy" joined our class in the third grade. He has much musical talent; he has always been an active member of the baseball team. "Tiny" is his side-kick. Of course, as all fellows do at some time, he became interested in girls in his Sophomore year, but at graduation, he has no "steady". We can always count on him to put some life into any party, particularly when he begins jitterbugging. The entire class wishes him lots of luck in the future.

JEAN GLIDDEN

Tri-Hi-Y
Music Club Treasurer '49-'50
F. H. A.
Mathematics Club

"Jeanie" has been with us since eighth grade. She has a hobby of collecting key rings and key chains. She has never been too much interested in boys but she does admit there is one "special" in the marines. Jean can always be depended upon to have her homework done on time. She is one of the quiet members of the class. She is planning on becoming a beautician after graduation and we wish her all the luck in the world in this field.

JAMES HALEY

Music Club President '49-'50
Hi-Y Club Secretary '48-'59
Science Club President '48-'49
Baseball
Track

"Haley" has been with us since our start twelve years ago. He is a very active member. His favorite hobby is sports. He has access to a '46 Chrysler in which he takes his current favorite riding. Haley is also a valued employee of Page's Dairy and is around the neighborhood early in the morning. His best pal is James Smith. As yet, Haley has no plans for the future, but whatever he tries, we are sure he will be successful.

RUTH NORTON

Tri-Hi-Y President '49-'50
Treasurer '48-'49
F. H. A. President '49-'50

Social Studies Club

"Ruthie" is a charter member of our group but "rumor hath it" that fourth grade was her favorite year. She is an accomplished pianist and has always been obliging when we needed an accompanist.

She is the bright shining star of our class, and after she graduates she is going to attend a business school, so we feel confident she will be an honor to the business world as she has been to the class of '50.

LILLIAN ROE

F. H. A. Treasurer '49-'50
Tri-Hi-Y
Music Club
Mathematics Club

"Lil" is a quiet member of the class - she started with us in the first grade and has smiled her way through the other eleven years. She has an infectious giggle. Her hobby is collecting trinkets which has given her a great assortment of oddities. Her interest in boys is yet to come. She plans to work in a grocery store and we who stay near home plan to see her often in the future.

JAMES SMITH

President Senior Class
Hi-Y Vice-President '48-'49
Music Club
Baseball Manager '49-'50
Science Club Treasurer '47-'48

"Smitty" is one of our outstanding members, and another charter member. Smitty's cars, ("hot-rod" and "touring"), are his absorbing interests. We never know what he'll drive up in next, but we're always sure he'll drive wherever we go. The Senior Class would be lost without "Smitty's" hot-rod to do our errands. "Smitty" is a real man-about-town with all the girls. Blondes preferred! "Smitty's" constant friend is Haley. They are both members of the great "Jolly Boys' Club". His future plans include a truck-farm in Windsor. Success to our class president.

HAROLD TWINING

Hi-Y
Science Club Vice-President '49-'50

"Tiny" is the appropriate nickname of this boy. He is a newcomer who has been with us only in high school. He has one hobby - stamp collecting. He has no interest in the girls. His best friend is Floyd Fisk. He owns a car but gets very nervous at inspection time. He plans to be a mechanic and we hope his struggles with "Trig" will benefit him there.

RICHARD WILLIAMS

Hi-Y
Music Club
Social Studies Club
Band
Boys' State '48

Richard's nickname is "Butch". His one and only hobby is sports. He may become a great sports announcer someday for he really loves this work. "Butch" is a good, earnest student and was our American Legion representative at camp in '48. He has a fine personality but has little to do with women. He is in the American Legion Drum and Bugle Corps. "Butch" hopes to join the Army Air Force and become a pilot. He is likely to succeed in life because of his fine personality and excellent character. Farewell to him and the Class of '50.

We Jolly Juniors, as you must agree,
Have naught on our minds but SCHOOL WORK you'll see.

S for Stocky, the president of the class,
When it comes to girls he'll please any lass.

C for Carl, a sportsman at heart,
From hunting and fishing he'll never depart.

H for Haskins who plays and sings,
You know it's her fans when the telephone rings.

O for Oakland, the school we adore,
When it's time to go home, we want no more.

O for Oak Hill's Johnny Demer.
He's a very good student, yet an excellent dreamer.

L for Lael, the musician of the day,
In her career she will go a long way.

* * * * *

W for Wilmer, Bob Fisk's middle name,
There isn't a girl he cannot tame.

O for open-hearted, that is Richard Reed,
He is always a friend to those in need.

R for Regan, Peggy's last name,
When something goes wrong, she's always to blame.

K for Keith, our center of trouble,
He's only one boy, but he'd make up for double.

Our roll now is taken, our SCHOOL WORK is done,
It's time for vacation, so let us have fun.

Treasurer.....Stanley Davidson
Adviser.....Mr. Button

The Oakland Hi-Y Club was organized in 1930. Its chief purpose is to create high standards of Christian character. All the boys in high school and the eighth grade belong to this club. On Friday of every week this club meets and carries on its business meeting. For six weeks each year a course of Teen Talk is conducted by our adviser. We also have weekly quizzes and entertainment just for our members. We sincerely hope that this club will be as successful in the future as it has been in the past.

TRI-HI-Y

President.....Ruth Norton
Vice-President.....Beverly Haskins
Secretary.....Joan Suchnick
Treasurer.....Barbara Agler
Adviser.....Mrs. Keyes

Our Tri-Hi-Y is the girls' division of the national society stemming from the Y. M. C. A. At present we have thirty-three enrolled.

This club meets every Friday morning in the study hall. During these meetings the girls repeat the Girl Reserve Pledge and Objective Slogan. Then we have a business meeting and an entertainment.

Each year we have a teacher come in to lead our seven weeks' course on teen-age problems. Then we have a social affair when the exam is over and the course is done. Usually, at this time we conduct our installation of officers for the coming year.

Besides our weekly activities, we take our turn on assembly programs. The club has brought the girls closer and has always been profitable and enjoyable for all.

MUSIC

President.....James Haley
Vice-President.....Mary Shanley
Secretary.....Ardith Mallery
Treasurer.....Jean Glidden
Adviser.....Mr. Stout

The club was organized in 1938 and the records show that the officers for that year were: President - Joseph Kane; Vice-President - Norman Lillie; Secretary - Bertha Smith; Treasurer - Herbert Smith. There were forty-three members that year. Their adviser was Mr. Bryden. The club now has forty-eight members and has tried to maintain high musical standards and make all programs in assembly as enjoyable as possible by contributing varieties in numbers.

FUTURE HOMEMAKERS OF AMERICA

President ..... Ruth Norton
Vice-President ..... Carol Birdsall
Secretary ..... Joan Snyder
Treasurer ..... Lillian Roe
Reporter ..... Lael Washburn
Adviser ..... Mrs. Pritchard

F. H. A. membership this year is an even twenty. The club's meetings are held once each month during the lunch hour. The members have sold different things to raise money for their club. This year, the upper-classmen have purchased the approved F. H. A. pins and are working for the key, which is the first degree.

Several members are attending the State Convention of F. H. A. which is held in Scranton.

We feel we have had a successful and enjoyable year.

SOCIAL STUDIES

President ..... Lael Washburn
Vice-President ..... Robert Mallery
Secretary ..... Carl Perry
Treasurer ..... Donald Williams
Adviser ..... Mr. Beebe

The Social Studies Club consists of twenty-three members from the high school and eighth grade. All are very proud of their club. The club conducts an assembly program every six weeks and presents it for the high school and eighth grade. The club has striven for better programs and this year presented several interesting ones, among which were the Columbus Day program and a variety show.

SCIENCE CLUB

President ..... Donald Haley
Vice-President ..... Harold Twining
Secretary ..... Barbara Agler
Treasurer ..... Beverly Prentice
Adviser ..... Mr. Button

This club was organized in 1940 for the purpose of presenting programs every six weeks. If possible, the material is taken from the scientific field. We were the ones who originated the quizzes in assembly. We also have other activities such as club parties, dances, supporting Red Cross, Salvation Army, and T. B. drives.

Our fine adviser, Mr. Button, has helped the club very much since its origin. We strive for understanding members who can help in preserving our standing.

MATHEMATICS

President ..... Stanley Davidson
Vice-President ..... Joyce Mallery
Secretary ..... Carolyn Burton
Treasurer ..... Roger Getter
Adviser ..... Mrs. Baker

The Mathematics Club was organized in September, 1931. We give a program during the morning chapel exercises every six weeks. Parties are given through the year for our members. It is said we hold the record for our numbers of outside parties. When this club began there were twenty-five members; there are now twenty-two. We hope to make ourselves a better club under our adviser's supervision.

SCHOOL FUN

..... *Ode To Our Class* .....

'Twas only twelve short years ago,
In 1937, if you would know,
This class set out on its career
By entering school, its first year.
'Twould take too long for us to tell
Each adventure that befell,
As we pushed onward to attain
The amount of knowledge we must gain.
Our teachers were most consoling
As added lessons they kept doling.
Although they must have found us lacking
They kept right on more lessons tacking.
At last we began our high school days
Meeting each new duty in various ways,
Some members we had lost, others gained
Until eleven members now remain.
We'll briefly mention as we pass
Something outstanding about this class.
Carol will fill her place with pride
As with noted singers she sits side by side.
"Smitty" and Stanley cause much wonder
The way they solve Math. without a blunder.
Ruth will never be a shirker
But always a fast and willing worker.
James and Gerald with flash bulb bright
Have taken pictures of every worthwhile sight.
We think of Jean and the food she blended
As Homemaking classes she attended.
Richard will prove in every test
In the world of sports he is the best.
The kindness of Lillian we will remember
Proud that of this class she is a member.
Floyd and Harold show traits surprising
And talent quite beyond surmising.
I think now you will agree with me
We're about as nice a class as there could be.

..... *Class of '50 Prophecy* .....

1. Ruth Norton -
   A secretary,
   competent and wise.
2. James Haley -
   As a television technician,
   he'll win a prize.
3. Stanley Davidson -
   A famous pilot,
   in the Air Force.
4. Carol Birdsall -
   Successful singer
   why, of course.
5. James Smith -
   A truck-farmer,
   much wealth he'll gain.
6. Floyd Fisk -
   A trumpeter,
   the world will acclaim.
7. Richard Williams -
   Sports-commentator,
   of world-wide fame.
8. Lillian Roe -
   A valuable clerk,
   she will be.
9. Harold Twining -
   A sailor's life,
   on the open sea.
10. Jean Glidden -
    A beautician,
    of world renown.
11. Gerald Bills -
    On a U. S. battleship,
    he will be found.

1. Police Protection.
2. Worried?
3. The Boss.
4. Strike-out.
5. Pals.
